Charge It

- On the right earcup carefully plug the Micro USB cable into the Micro USB charging port and connect the other end of the cable to either a computers' USB port or to a compatible USB car or wall charger.
- The LED light will appear solid red to indicate that the headphones are charging.
- When charging is complete, the LED light will turn off.
- Charging time is approximately 2 hours.

Turning It On/Off

- Press and hold the power button on the right earcup for about 5 seconds.
- The headphones will emit a chime and a blue LED light will appear to indicate that the headphones are turning on.
- To turn the headphones off, press and hold the power button again for 5 seconds until the LED light turns off.

Connect to a New Device

- Power on the headphones.
- The blue LED light will flash to indicate it is ready to be paired with the device.
- On your Bluetooth-enabled device, navigate to the Bluetooth settings menu then turn on the Bluetooth feature and search for new devices.
- After a few seconds, you will see "SRO6145" listed.
- Tap this model to select it. A Solid blue LED light indicate that the device has successfully paired.
- When the previously paired device's Bluetooth turned on and in range, the headphones will automatically reconnect (If this was the last Bluetooth device it was connected to).

NOTE: If the headphones are not used within 10 minutes, they will automatically turn off to save battery.

Play

- Connect the device to the headphones via Bluetooth (see above).
- Open a music app on the device and press play.
- Control the music, track and volume from your device or control the music and volume from the touch controls. Press the Power button once to play/pause music and to answer calls, press it twice to redial the last number called on your phone or press and hold it to reject an incoming call.
- All audio including music, games, videos and notifications will be heard through the headphones.

Touch Control Function

- Press A (refer to product Diagram) to turn up the volume.
- Press B (refer to product Diagram) to turn down the volume.
- Press and Hold A to switch to next track.
- Press and Hold B to switch to previous track.

Troubleshooting

No power	Recharge the headphones using the included Micro USB cable.
Music is not playing through the headphones	Check that the Bluetooth device is A2DP compatible (Refer to the devices specifications). Check if the device is paired to the headphones. Restart the headphones to reconnect your Bluetooth device.
Bluetooth device will not reconnect with the headphones	Navigate to your Bluetooth settings menu on the Bluetooth device, tap "SRO6145" and select "Forget" or 'Unpair'. Then follow the steps to pair the device. Alternatively, press and hold the power button on the headphones (while powered on) to disconnect the headphones from any connected devices. Then follow the steps to reconnect the device.
