3-Way Camping Fridge 60 Litre Model XC-60G

The Warehouse Ltd regrets to advise customers that the **Bravo 3-Way Camping Fridge 60 Litre Model XC-60G** (barcode 9415044238578) supplied by Stretchmaster NZ Ltd has a manufacturing fault that affects its safe operation by creating elevated levels of carbon monoxide when used with LPG. This may worsen after the fridge has been serviced.

Customer safety is of paramount importance to The Warehouse, therefore we are asking owners and users of this 60 litre 3-way Camping Fridge to cease using it immediately, and return for a full refund, with or without a receipt.

This notice applies to the fridge (as pictured above, and with the barcode noted) sold between **November 1st 2010 and April 30th 2011**.

The Warehouse apologises for any inconvenience caused.

No other 3-way camping fridges or other fridges purchased between November 1st 2010 and April 30th 2011 are affected.

For information about the recall process, phone **0800 422 274** during business hours or contact any The Warehouse Ltd store.
