

Product Safety Recall

Mako Table Saw 250mm

Model number SROM 1197 Barcode: 9400070413563

This model was sold at The Warehouse stores nationwide between 26/11/2015 and 11/01/2016.

Defect: The mounting brackets on the dust collection unit inside the saw may break which could allow the unit to come into contact with the moving blade.

Hazard: If the defect occurs there is a potential risk of broken parts being ejected from the machine at high speed.

What to do: Stop using your Mako Table Saw – switch it off at the wall, unplug it and ensure the blade is fully lowered. Return it to The Warehouse for a full refund. Unfortunately no alternate product is available.
