STATEMENT OF CONFIDENTIALITY

Checkpoint has been selected as the global supplier for The Warehouse New Zealand compliance labeling and ticketing requirements.

Checkpoint has global production sites in most regions of the world and you will be placing orders and dealing with the Checkpoint office closest to you.

All information contained in this document is confidential and intended for use by the recipient only, as it contains data that is proprietary to The Warehouse and Checkpoint. The information outlined in this document should not be delivered or disclosed to any party outside the recipient's domain.

Ordering Procedure

Initial Account Setup with Checkpoint

Initially we need to collect all your details so we are able to set you up as a customer of Checkpoint. Until your account is activated we will be unable to produce your orders.

You must complete the following documents and forward them to your designated Checkpoint customer service representative as soon as possible.

- Bill to Address. (If the VAT invoice is needed, please provide the VAT information in detail with Chinese version)
- Ship to Address. (If the destination is in China, Please also provide it in Chinese)
- Contact information. (Contact person, Tel number, Fax number, Email address)

Order Processing

As an approved supplier to The Warehouse, the vendor has to view this vendor pack and send the label name (PID) together with the variable texts to Checkpoint, Then the customer service representative will create the layout to the vendor for approval,

(Important notes: Customers are responsible for the accuracy of order data sent to Checkpoint, Any change/cancellation of incoming orders will only be considered within 24 hours upon receipt.)

After the layout be approved, Checkpoint office will issue a contract as a sales confirmation. Once the sales confirmation is confirmed, signed and sent back to Checkpoint from the vendor, changes is not allowed and Checkpoint office will arrange the production ontime.

Order Fulfillment

All orders for The Warehouse Products will be printed and shipped from our production facilities within 7-10 business days. Please note, we can only commit to production plus shipping, transport delays and customs clearance are outside our control and allowance should be made for this. Checkpoint will only supply the order quantities stated in the order form, it is the vendor's responsibility to order a sufficient quantity to allow for the inevitable loss or damage during the attachment process.

Packaging

Tickets and labels are pre-packed by line number for final shipment to you in multiples of 25pcs.

Invoicing and Payment Procedures

All the invoices will be issued after the sales confirmation be confirmed by the vendor.

To the vendors pay in China, Checkpoint will issue a VAT invoice with RMB currency.

To the vendors pay out of China, Checkpoint will issue a invoice with USD currency, the production must be exported to out of China.

Standard terms of payment are advance payment before the shipment.

The Warehouse key suppliers should offer Checkpoint a vendor list, if the credit term is needed by the vendors, in terms of the vendor list supplier listed, Checkpoint provides the vendor 30 calendar days credit term, if the vendor is unable to complete payment within 45 calendar days, Checkpoint reserves the right to withhold all orders.

Shipment Methods

Checkpoint offer free delivery service within Shanghai local area, out of Shanghai, Checkpoint arrange the delivery at the vendor's request and expense.

[Please do not hesitate to contact your customer service representative if you require any help or have any queries.]

Terms & Conditions

In these Terms and Conditions "SS" means "Checkpoint"

SS contracts for the sale of the goods. Customer refers to the party placing orders with SS or receiving orders placed by an authorized agent on their behalf.

1. (i) The customer shall be responsible to SS for ensuring the accuracy of the terms of any order (including any applicable specification) submitted by the Customer, and for giving SS any designs, equipment, personnel, information and instructions relating to the goods within a sufficient time to enable SS to perform the contract in accordance with its terms.

(ii) Delivery of the goods shall be made by the Customer collecting the goods at SS's premises at any time after SS has notified the Customer that the goods are ready for collection or, if some other place for delivery is agreed by SS delivering the goods to that place.

(iii) SS will not be liable to the Customer for any loss or damage (whether direct, indirect or consequential) sustained by the Customer as a result of any delay in delivery or dispatch of the goods where such delay is caused by lack of instructions from the Customer, strikes, lock-outs, other industrial action, failure of SS's suppliers or carriers to fulfill their obligations, or any other cause beyond SS's reasonable control.

(iv) Where the goods are to be delivered in installments, each delivery shall constitute a separate contract and failure by SS to deliver any one or more of the installments in accordance with these Terms and Conditions or any claim by the Customer in respect of any one or more installments shall not entitle the Customer to treat the contract as a whole as repudiated.

(v) The customer is responsible for all production costs incurred, up to and including the full purchase price of the product for orders properly placed which are subsequently cancelled. It is understood that changes to details on an order may require the cancellation and re-entry of the order in question, with any costs incurred on the original order billable to the customer. All cancellations and/or changes must be made in writing. SS will not be liable for failure to execute changes of which we have not received written confirmation.

(vi) If the customer fails to take delivery of the goods (which includes for these purposes a failure to ensure that authorized personnel are in attendance to accept delivery) or fails to give SS adequate delivery instructions at the time stated for delivery then, without prejudice to any other right or remedy available to SS, It may:

(a) store the goods until actual delivery and charge the Customer for the reasonable cost (including insurance) of storage and for re-delivery; or

(b) sell the goods at the best price readily obtainable and (after deducting all reasonable storage and selling expenses) account to the Customer for the excess over the price under the contract or charge the Customer for any shortfall below the price under the contract.

2. (i) SS shall not be liable for any loss or damage of whatsoever kind arising from failure by SS to perform the contract, wholly or in part, which loss is caused by

(a) default by SS's suppliers or

(b) any cause beyond the reasonable control of SS

(ii) Subject always to clause 8 below SS's ability whether in contract or in tort or otherwise shall in every case be limited to the amount of the invoice for the goods to which the claim relates.

(iii) In no circumstances whatsoever shall SS be liable for any special indirect or consequential loss or damage or for loss of profit.

3. The deliver tolerances will be + or - 5%, The tolerances apply to each individual label

order. Every difference ordered in size, text or fiber shall be regarded as a separate label order.

4. Goods will be supplied within the following limits of tolerance, for woven labels only:

Width Up to 20mm + or – 1mm

21mm to 38mm + or – 1.5mm

39mm and over + or – 2mm

Length Up to 64mm + or – 2mm

65mm to 99mm + or – 3mm

100mm and over + or – 4mm

5. SS will, where applicable, make every effort to match the colour of an existing material or original sketch but a perfect match cannot be guaranteed.

6. (i) The risk in the goods shall pass to the Customer immediately they are delivered into either the physical custody of the Customer or its agent or otherwise to its order.

Accordingly the Customer should make its own arrangements to insure the goods against all appropriate risks from the moment of delivery.

(ii) The title and legal and beneficial ownership in the goods shall remain in SS until such time as SS has received payment in full of the price of the goods the subject of the contract and all other goods agreed to be sold by SS to the Customer for which payment is then due.

(iii) The provisions of sub-clause 6(ii) above shall apply notwithstanding that the goods may have been incorporated into or attached to other products by the Customer.

(iv) Until such time as title and legal and beneficial ownership in the goods passes to the Customer

(a) the Customer shall insure and protect the goods and also store them or otherwise keep them in such a manner which makes them readily identifiable as goods delivered by SS and the Customer agrees to use goods of the same kind and specification delivered by SS in the order or sequence in which they are delivered and invoiced to the Customer: and

(b) SS shall be entitled at any time to require the Customer to deliver up the goods to SS and if the Customer fails to do so forthwith SS or its duly authorized agent is hereby granted an irrevocable license to enter with or without vehicles upon any premises of the Customer at which SS shall have reason to believe such goods are stored and to repossess them such license and right to apply notwithstanding that the goods may have been incorporated into or attached to other products by the Customer.

(v) Notwithstanding that title may not have passed to the Customer, SS may maintain an action for the price of the goods supplied. The Customer acknowledges that nothing in this clause 6 confers any right upon it to return or reject any goods supplied to refuse, defer or delay payment for them.

(vi) Each of the sub-clauses of this clause 6 shall be separate and severable from the whole and the Customer acknowledges that SS shall be entitled to enforce this clause 6 accordingly.

7. (i) SS shall be entitled to charge the Customer in accordance with SS's ex-works charges for labor and materials from time to time in force. Estimates of charges will be given on request.

(ii) SS reserves the right by giving notice to the Customer at any time before delivery to increase the price of the goods to reflect any increase in the cost to SS, which is due to any factor beyond the control of Checkpoint (such as, without limitation, any foreign exchange fluctuation, currency regulation, alteration of duties, significant increase in the costs of

labor, materials or other costs of manufacture), any change in delivery dates, quantities or specifications for the goods which is requested by the Customer, or any delay caused by any

instructions of the Customer or failure of the Customer to give SS adequate information or instructions.

(iii) Unless otherwise agreed in writing between the Customer and SS all prices are given by SS on an ex-works basis, and where SS agrees to deliver the goods otherwise than at SS's premises, the Customer shall be liable to pay SS's charges for transport, packaging and insurance.

(iv) The price is exclusive of any applicable value added tax (or other applicable sales tax), which the Customer shall be additionally liable to pay to SS

8. (i) SS will send invoices to the Customer before or immediately after the date on which the goods are dispatched. Any short delivery or any defect in the condition or quality of goods or their failure to comply with specification or any non – delivery or misdelivery of goods of any kind whatsoever must be notified in writing by the Customer to SS within 14 days of the date of invoice or where the defect or failure was not apparent on reasonable inspection or initial use or testing within a reasonable time after such defect or failure might ought to have been discovered. SS will not accept any late claims.

(ii) Where any valid claim in respect of any of the goods which is based on any defect in the quality or condition of the same or their failure to meet specification or upon short delivery of goods is notified to SS in accordance with these Terms and Conditions SS shall be entitled at its sole discretion to replace the goods (or the part in question) or perform any work of rectification free of charge or make a further delivery of goods to make up the deficiency, but SS shall have no further liability to the Customer. If the quantity of goods delivered exceeds the contract quantity then (subject to clauses 3 and 4 above) the Customer shall be entitled to

return the excess only or to retain the whole in which case the price shall be adjusted at the contract rate then prevailing.

(iii) SS shall be under no liability:

(a) in respect of any defect in the goods arising directly or indirectly from any drawing, design or specification supplied by the Customer.

(b) if the goods have not been used, maintained, stored or protected reasonably and properly:

(c) if the Customer has executed or attempted to execute repairs, modifications or alterations to the goods:

(d) if the Customer has parted with possession of the goods

(e) if the Customer shall have failed to follow any advice or recommendations given by SS in writing to the extent only that any defects or losses can be fairly shown to have been attributable to such failure.
