FAQs

Q: How do I know when the battery is low?

A: The circle will turn purple while blending to indicate low battery.

Q: How do I properly align the jar and base?

A: Loosen the jar from the base, screw it back in until the arrows on the back of the jar & base are closely aligned, and ensure the power button flashes white instead of red.

Take your cordless, portable blended anywhere to shake up your routine. Make a smoothie, shake, or cocktail in 20 seconds, anywhere. Get all the juicy details you need to blend like a pro at BlendJet.com/Guide.

YOUR FIRST BLEND

1. Charge your BlendJet with the included USB cable for 1 hour or until you see a solid blue circle.
2. Ensure the arrows on the back of the jar & base are closely aligned. The power button will flash white.

3. Clean your BlendJet by blending water with a drop of soap, then rinse. (Deep clean as needed – visit BlendJet.com/Guide for video demo).
4. Add liquid first, then throw in your solids. Leave a little room at the top.
5. Tighten the lid & press the power button to blend for one 20-second cycle. Repeat as needed for thicker blends.
6. Enjoy your blended creation & clean immediately after each use.

FLAVOR ON FULL BLAST

Meet the JetPacks

Make a delicious, nutritious, juice-bar-quality smoothie anytime, anywhere.

No refrigeration is needed, just add water or get creative with your favorite milk, fruits, protein powders, yogurts, or superfoods. JetPacks' fruit is picked at peak ripeness & immediately freeze-dried, locking in flavor, color & nutrients like potassium, calcium, iron & fiber.

Get yours at BlendJet.com/JetPacks.

POWERING UP

BlendJet takes about 1.5 hours to fully charge & lasts for 15+ blends. Battery life is visible while charging.

The circle will turn purple (vs. blue) while blending to indicate low battery.

TROUBLESHOOTING

Loosen the jar from the base & screw it back in until the arrows on the back of jar & base are closely aligned, and the power button flashes white instead of red.

Turn upside down & start blending, then turn right-side up again so your ingredients hit the blades at full speed.

A MODE FOR EVERY MOOD

Perfect for smoothies, shakes & mixed drinks. Press the power button once to start the 20-second blend cycle, or press it again to stop mid-cycle.

Perfect for guacamole, salsa & hummus. To enter Pulse Mode, double-press power button. Blue lights will flash left to right 3 times & the swirl will stay illuminated while Pulse Mode is active. Press & hold the power button repeatedly to pulse. Pulse Mode will end after 5 seconds of inactivity.

Perfect for sipping & travel. To lock, you must be in Blend Mode. Secure the lid, then hold down the power button until the purple circle flashes 3 times. To unlock, hold down the power button until a blue circle flashes 3 times.
