

INSTRUCTIONS FOR USING THE COMBINATION LOCK

The lock is preset to open at 0-0-0. To set your own personal combination, just follow these simple steps. Before you start, please make sure the combination is set at 0-0-0.

- 1 Push down button (a) along the arrow, keep the button pressed down while completing step 2.
- 2 Turn the dials (b) to set your personal combination. A certain amount of resistance is normal when turning the dials. Don't forget your personal combination. Release button (a). Your luggage is now ready to be locked
- 3 To lock your luggage: Secure the pullers by inserting them into the lock. Turn the dials to a combination other than your own

TO RESET THE COMBINATION: please start again from step 1.
