

Responsible Disposal

At the end of its working life, do not throw this product out with your household rubbish. Electrical and electronic products contain substances that can have a detrimental effect on the environment and human health if disposed of inappropriately. Observe any local regulations regarding the disposal of electrical consumer goods and dispose of it appropriately for recycling. Contact your authorities for advice on recycling facilities in your area.

Please keep the original packaging carton and materials in a safe place. It will help to prevent any damage if the product needs to be transported in the future. In the event it is to be disposed of, please recycle all packaging material where possible.

WARNINGS

- This is a Class II product and does not require an earth connection.
- Always use the correct type and wattage of bulb.
- When changing a bulb, always switch off the light at the wall socket and allow the bulb to cool down before handling.
- Dispose of old bulbs carefully.
- Only use the floor lamp on a stable / dry and level support surface.
- Do not switch on the light until the assembly is complete.
- Do not cover the lamp or bulb during use as this could be a potential safety hazard
- Turn off the floor lamp when not in use.
- The floor lamp is not intended for use by children unless suitable adult supervision is provided.
- Children should be supervised to ensure they do not play with the floor lamp.
- The floor lamp is intended for indoor use only.
- If the external flexible cable or cord of this floor lamp is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
- To prevent damage to the mains cord, do not let it pass over sharp corners, edges or hot surfaces.
- This floor lamp should only be used on a flat and stable surface.
- This floor lamp is not intended for use by persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance, by a person responsible for their safety.
- Never touch the bulb surface with your bare fingers or hands.
- Grease or oil from fingers can damage the bulb and cause the bulb to burn out, or reduce its operating life, it is recommended to use soft cloth or facial tissue when handling the bulb.

CAUTION: Ensure that the light bulb is not within the recommended 0.5m of any surface when operating as this could be a potential safety hazard.

CAUTION: Never exceed the bulb wattage stated.

4 Overview**Assembly and Operation**

- Remove any protective plastic overwrap and ensure any packaging materials are completely removed from the assembly.
- Follow the steps shown in the assembly drawing on Page 5.
- For step a), remove the threaded plastic shade ring (retaining nut) from the lampholder body to allow fitment of the lampshade.
- For steps b) to f) ensure the different portions of the support stem and base are securely threaded together (screw clockwise to tighten).
- Place the floor lamp on a stable and level support surface.
- Insert the light bulb by gently screwing into the lampholder.
- Insert the supply cord plug into a suitable mains outlet and use the in-line cord switch to operate.
