INSTRUCTION MANUAL

MICROWAVE WAFFLE MAKER

AFTER SALES SUPPORT

  0800 422 274

WARNING

TO BE USED for MICROWAVE OVENS ONLY

DO NOT use the product without food

ALWAYS place in the middle of the turntable

DO NOT immerse in water immediately after use

DO NOT use metal utensils on non-stick surface

DO NOT allow use by children or the impaired/infirm

ENSURE to place an insulating mat underneath the unit when placing on a table or supporting surface.

ALWAYS handle with insulated oven mitts

STOP USE if the product is damaged.

ALWAYS ENSURE metal plates are fitted correctly inside the silicone cover.

(For Microwave's above 1100W, Heat setting MUST be used in MEDIUM only)

NOTE

Odour may be noticeable when used for the first time. Please clean the unit in soapy warm water, rinse then dry, prior to first use.

CAUTION: The plates and food contents get VERY hot during use, care must be taken when handling and when removing the outer clamps. We strongly recommend the use of oven gloves / mitts or a thermally insulated material.

KEY FEATURES

- Soft silicone case for safer handling
- Advanced microwave-safe composite alloy
- Non-Stick Surface

HOW IT WORKS

- Advanced microwave-safe composite alloy absorbs thermal energy, rapidly rising above 200 degrees C in 2-3 minutes
- Cooks FAST and just like a hot plate or pan, whilst also allowing the microwave to cook from inside

FOR BEST RESULTS

- Set microwave between 700W to 1000W
800W=5 MINS , 1000W=4 MINS
(For Microwave's above 1100W make sure to keep the heat setting to medium only)
- Ladle waffle mixture into the bottom cooking plate, taking care not to overfill.
- Place the upper plate over the bottom and clamp both ends.
- Cook for between 4-5 minutes according to preference. If inadequately cooked, microwave for an additional 1 minute. Cooking times will vary depending on mixture consistency and personal preference.

WASHING INSTRUCTIONS

For first time use, clean the unit gently with warm soapy water.

Allow the unit to completely dry before using the product.

After use, allow the unit to cool down before washing. Continue following this process.

Always use soft cloth to clean the product, as using scouring pads may damage the non-stick coating.

NOTE

Always use safety equipment or oven mitts when the grill plates are hot

living & co.

Warranty

We pride ourselves on producing a range of quality products that are both packed with features, and completely reliable. We are so confident in our products, we back them up with a one year warranty when accompanied by proof of purchase.

Now you too can relax knowing that you are covered.
