Important: Due to the natural properties of this Himalayan Salt product, you may notice dampness on it when received. This is normal. Please do not return this product to the store where purchased.

Before using the product, please wipe it over with a dry towel, and turn on the lamp for 24 hours to assist in removing any moisture it may have retained.

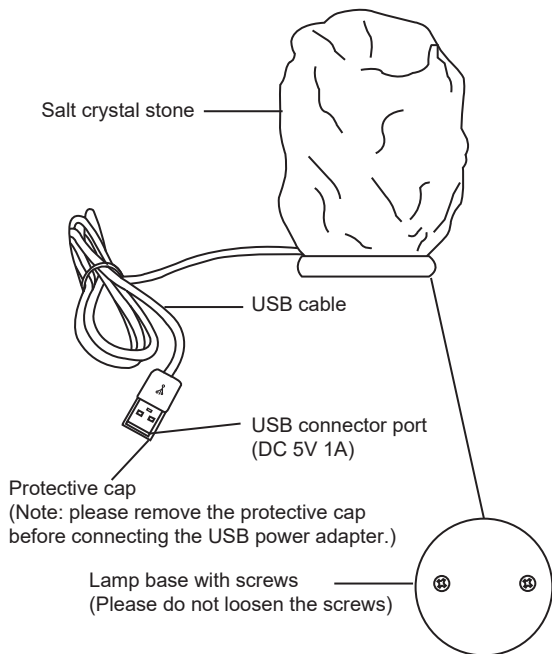

Product Features:

- Due to the nature of the salt crystal each lamp is completely unique, and will vary in size, shape, and weight.
- Each lamp is hand carved from the Himalayan mountains and left with a natural salt crystal look.
- Heat from the light is dissipated within the salt.

WARNING:

- Keep away from water.
- For household / Indoor use only.
- Breakable – handle with care.
- Always keep on a placemat or coaster.
- Keep away from direct sunlight.
- Only use the lamp fitting on a stable/dry and level support surface.
- Do not switch on the light until assembly is complete.
- Turn off the appliance when not in use.
- The luminaire is not intended for use by children unless suitable adult supervision is provided.
- Children should be supervised to ensure they do not play with the luminaire.
- Do not operate any appliance with a damaged charge cord / connector plug; if the appliance malfunctions; or if it is dropped or damaged in any manner.

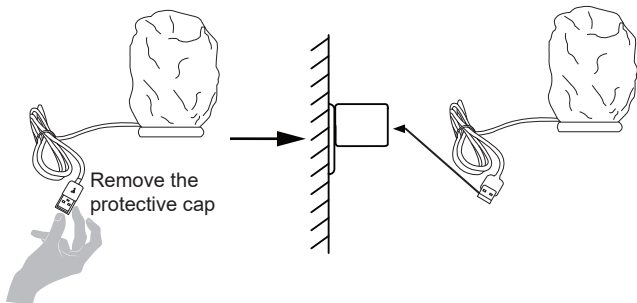

Product Overview

How To Use

Plug the 5V 1A power supply(not included) into the wall outlet and connect the lamp USB cord, there will have seven RGB colors light auto-change.

(Note: please remove all shrink-wrap plastic and protective cap of the lamp USB port before plugging in the lamp.)

How To Look After Your Salt Lamp:

- Never wash your Himalayan Salt Lamp as its natural effect is one of self cleansing.
- To clean, switch lamp off and wipe with a slightly damp sponge.
- Leave lamp on wherever possible as the heat from the light bulb will prevent the lamp absorbing moisture.
- If lamp gets wet leave in strong sunlight for 4 to 5 hours and brush off any excess crystals.
- When not in use for long periods, store the salt lamp and base in a plastic bag to help prevent the lamp absorbing moisture.
- In humid conditions we recommend placing your lamp onto a small tray or dish in the rare case they may pool water.
- Do not place the lamp on surfaces that may be damaged by moisture or water droplets. If in doubt, place a suitable material under the lamp to protect.
