User Manual
USB RGB LED Strip

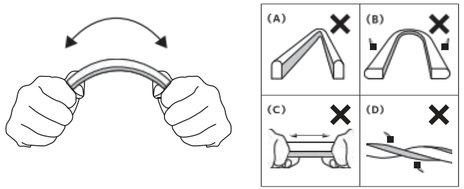

Operation

* Before using, make sure the voltage is suitable for the working voltage ofthe product. Also verify that all contents are complete and no damage is present.

1. The LED lighting strip is flexible and can be physically bent into your desired shape, but please note:

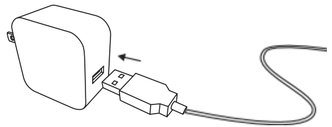

The LED board in the product is a sensitive electronic component. As shown in the diagram below, avoid:

(a) sharply bending the product, (B) vertically bending, (C) pulling or (D) wrapping the product may damage the internal LEDs and the cable.
* Repeated bending of the product, even if done correctly, may damage the product due to the metal structure of the inner wire.

2. Connect the USB (Type A) cable to an AC adapter or other external power source. Use the control buttons to switch the light on / off or dim the light level.

* Be sure to use an AC adapter rated for 5V/1A output.

3. Connectthe other end ofthe DC plug to the main unitto lightthe LEDs.
* When not in use, disconnect by removing the plug and USB cable.
* When operating, the surface of the light tube will get warm , this is normal.

Cleaning

Remove the USB cable to turn off the power before cleaning. Avoid the use of strong or corrosive cleaners. Clean with a damp cloth only.

Storage

- Do not store in a place exposed to direct sunlight or high temperature and humidity.
- Do not store in a bent position, this may cause rupture of the ligament.
- Use and store out of reach of small children.
- Do not use outdoors. May cause electric short circuit or malfunction.
- Do not use with a power supply using a voltage other than the specified. Discontinue use immediately if any damage or abnormality occurs.
- Do not look directly at the LED light source for extended periods.

Warnings

- Do not shake or touch the product.
- Do not apply force or subject the product to heavy blows.
- Do not disassemble or change.
- Do not Staple the cable, or use wood screws etc.
- Do not install the product in areas where it may be exposed to mechanical impacts.
- Do not wrap the product.

This product is not completely waterproof, avoid exposure to water. The control unit is not waterproof, do not use it with wet hands.

- The product may heat up during use and immediately after use.
- Do not use in extremely high temperature environments, around flames or heaters.
- Stack electricity may damage LEDs.
- When removing the USB cable, hold the plug and pull it straight out.
- Due to the nature of the material, the product may swell slightly in high temperature environments. Consider thermal expansion when installing the product in warm environments.
- If the product is exposed for a long time, the heat from the LEDs may cause deformation or color fading. Use with caution.
- Do not use this product outside its intended purpose.

This product is for general home use only.

- Due to the characteristics of LEDs, there may be color differences even in the same area.

Technical Specifications

Body Dimensions: 6x12mm
USB cable length: 1.5m
Material: PVC, Copper
Power Supply: USB (Type A)
LED bulbs: 120 pcs/m
Input: 5V DC/1A

Responsible Disposal
At the end of its working life, do not throw this product out with your household rubbish. Electrical and electronic products contain substances that can have a detrimental effect on the environment and human health if disposed of inappropriately. Observe any local regulations regarding the disposal of electrical consumer goods and dispose of it appropriately for recycling. Contact your local council for advice on recycling facilities in your area.
Please keep the original packaging carton and materials in a safe place. It will help to prevent any damage if the product needs to be transported in the future. In the event it is to be disposed of, please recycle all packaging material where possible.

Warranty
We pride ourselves on producing a range of quality products that are both packed with features and completely reliable.We are so confident in our products, we back them up wilt, a 1 year warranty.
Nowyou too can relax knowing that you are covered.
Customer Helpline NZ: 0800 422 274
This Product is covered by a 1 year warranty when accompanied by proof ofpurchase.
